

FAST - School of Computing

Lab 10

HTML Task

1. Create one HTML file named as **about.html**. It should have the following things:

- Your Name
- Father's Name
- CNIC
- Date of Birth
- Place of Birth
- Zodiac Star
- A paragraph about your favorite book along with its picture.
- A list of your favorite food items.
- A link to your Facebook/some other profile.
- A button to move onto next page named as **timetable.html**.

The above things should be implemented using different headings, colors, font styles (bold, italic, strikethrough etc.).

2. Create another file named as timetable.html and it should have a table like this:

Courses	Monday	Tuesday	Wednesday	Thursday
PF	Yes	No	Yes	Yes
IICT	no	Yes	No	No
English	yes	yes	no	No
Pak St.	No	No	Yes	no
LA	yes	no	no	yes
