Logic Rank Inc.
Zam Zam Plaza, Commercial Area
Bahawalpur, Punjab 63100, PK

Dear Hiring Manager,

I would like to express my strong interest in the Game Developer Intern position as advertised on LinkedIn. With a strong background in game development, I am eager to contribute my skills to your dynamic team. I am currently pursuing a degree in Computer Science from FAST NUCES, and my expertise in C++, OOP, and graphic libraries like SFML have prepared me to take this role with confidence.

Throughout my academic journey, I have successfully implemented several game development projects, earning 100% marks in all of them. These projects included developing games in C++ using OOP, integrating graphics and animations through SFML, and implementing games in x86 assembly language. Through these experiences, I have mastered project management, problem-solving and coding skills. Additionally, in my role as a Teacher Assistant of the OOP course, I have strengthened my expertise in OOP and enhanced my ability to communicate technical concepts effectively, which will be invaluable as a game developer at your company.

Logic Rank's commitment to game development aligns with my interests, and I am confident that my skills will allow me to contribute effectively to your team.

I am available for an interview and can be reached at +92 315 4686405 or moizansari2005@gmail.com. Thank you for your time and consideration.

Sincerely,
Moiz Ansari
